- **Hotel information**

***NOTE: all registrations should be done before***

***MONDAY 9 NOVEMBER 2001***

## **Introduction:**

Herewith the ITEA BEYOND partners invite you to the second open seminar of the Beyond project. The Beyond project aims :

- To design and develop concepts for technologies that adapt dynamically to the changing requirements (explicit and implicit) of people as they use products and services in their daily life.
- To develop and validate key success factors, guidelines, and regulations in multi-modal interaction technologies to the evolving range of interactive products and services.
- To develop simulation and testing technology to quickly represent and evaluate the quality of design solutions at all phases in a user centred design process (from first concepts to finished products)

As the project now is completing its final deliverables, the partners are willing to show and discuss the obtained results in the different field of the project. A programme with speakers from industry and universities will update you on the most important issues in this field.

## **Seminar Programme:**

9.00 – 11.00 Registration and coffee

Exhibition open between 10.00 – 16.00 hrs:

Visit our 16 different technology demonstrations on research results in the Avionics and Vetronics, Home, Public, Health domains and the demonstrators on enabling technologies.

Lecturer sessions in the plenary room:

- 10.10 Project overview by Désirée de Lang, project leader, Philips Design
- 10.40 Home domain & home experiences by Berry Eggen, Philips Research
- 11.20 Virtual Guide by Marc Pollefeys, Katolieke Universiteit Leuven

*12.00 Lunch*

- 14.00 UI editor by Karin Coninx, Limburgs Universitair Centrum
- 14.30 The Intelligent, Adaptive Flight Deck by Max Mulder, Technische Universiteit Delft
- 15.00 Closure of Lecturers
- 16.00 Closure of demonstrations

We hope to see you on this event.

The Beyond project team

**PS: if this seminar is not in direct interest of you, please forward this information to your colleague involved in this kind of activities.**

19.00 – 21.00 diner

**TRAVEL INFORMATION:**

Your hotels will be located in Kortrijk. It takes from the centre of Kortrijk to Barco in Kuurne about 15 minutes by Taxi or car. Kortrijk is located in the south of Belgium, close to Lille (F). Kortrijk can be reached from Brussels in about 1 hour by train. Airports close by: Brussels and Lille.

**Directions to Barco:**

Coming from Antwerp or Brussels via Ghent (Gent):

You follow the E17 (highway from Antwerp to Lille) from Ghent to Kortrijk (direction France). You take the exit for Kortrijk marked 'KORTRIJK Noord'. In the exit bend, after about 100m, you turn right and follow the indication 'R8', the external ring around Kortrijk. You will come automatically on the ring R8.

[\*] After 1km the R8 ends to be a highway and becomes a 2 lane road.

You keep on following the R8 and pass in total 6 traffic lights.

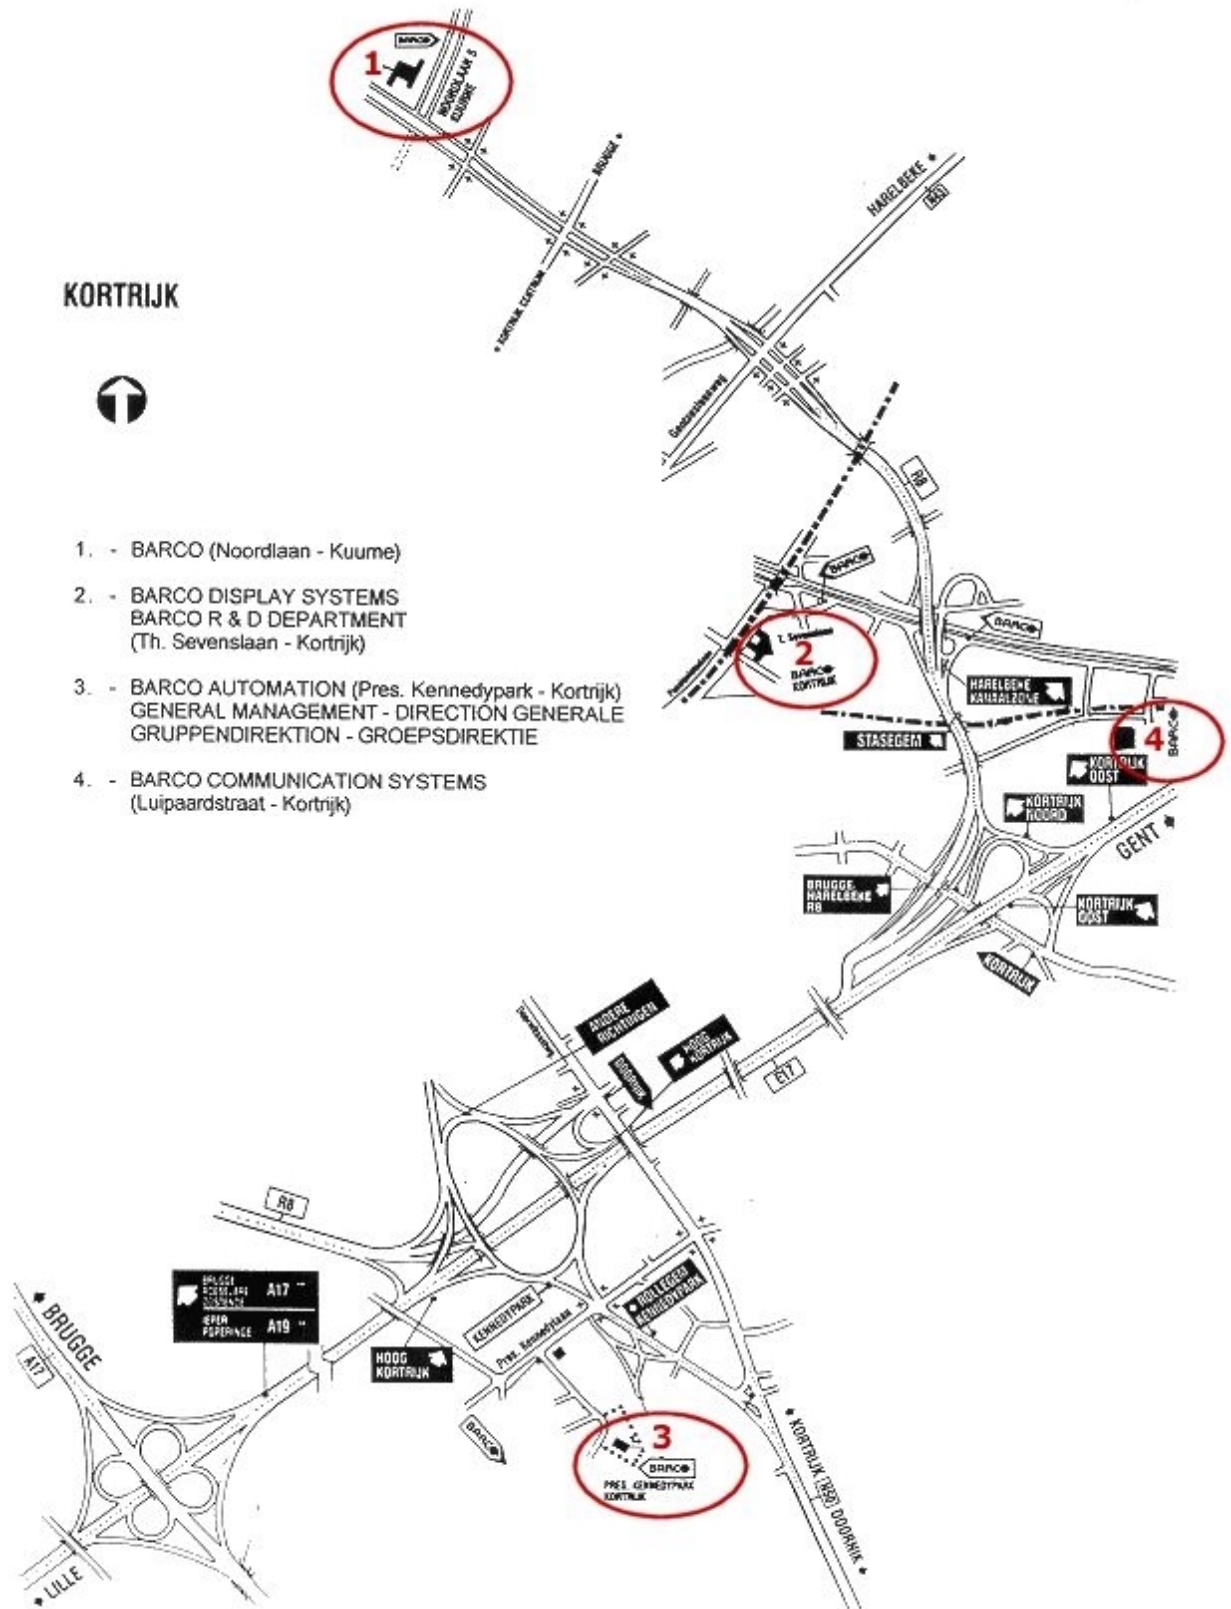

After passing the 6th traffic light you are in 'Kuurne - Heule' and you have to take the second road at your right hand side (street name = 'Noordlaan'). A 50m further you will see at your left hand side the BPS factory with a parking place in front.

Register at the reception desk that is located under the sign "Onthaal".

Coming from Lille (France):

Follow the E17 in the direction of Kortrijk and leave the highway at the exit 'KORTRIJK OOST'. Immediately you have a division. You take the direction 'KORTRIJK' and follow immediately the indication 'BRUGGE'. You will come automatically on the ring (R8) around Kortrijk. Follow instruction above from [\*] on.

OVERVIEW MAP: (you have to go to 1: Barco Noordlaan)
